

The American Red Cross offers comprehensive course levels that teach you, your child and other family members how to swim skillfully and safely. The prerequisite for each level is the successful demonstration of the skills from the preceding level. Each Learn-to-Swim level includes training in basic water safety and helping a swimmer in distress. For more information about each level, please check with the Aquatics Department at the Salem Community Center.

The Learn-to-Swim program at the Salem Community Center has been a staple of the Aquatics Department and the SCC as a whole for much of the facility's history. The instructors are American Red Cross Water Safety Instructor certified, and take great pride in the development of your child's skills. If you feel uncomfortable with a group setting for your child, we also offer private and semi-private lessons. Please call the SCC for more information.

Please contact the Director of Aquatics if you have questions about the appropriate Level for your child.

## Parent and Child Aquatics

Developed for children 6 months to 3 years of age, American Red Cross Parent and Child Aquatics builds swimming readiness by emphasizing fun in the water. Parents and children participate in several guided practice sessions that help children learn elementary skills, including water entry, bubble blowing, front kicking, back floating, underwater exploration and more. Once children can perform basic skills without parental assistance, they may begin Learn-to-Swim courses.

### Class times:

#### Winter, Spring and Fall Sessions:

Level A/B            11:15 - 11:45 am  
                          12:00 - 12:30 pm\*
